**Boston Faces Another Day of Broiling,
DEAT-DEALING HEAT**

Cooler Weather May Come To-morrow After Thunder Showers To-day and To-night.

The deadly heat continues today, with no relief in sight to anything till tomorrow night. Yesterday's record-breaking temperature, with three deaths and fourteen prostrations in Boston, was beaten by one degree at 10 o'clock today. Yesterday the official temperature at 10 was 87 degrees. To-day at 10 o'clock it was 88 and rapidly rising.

It is feared that more deaths and many more prostrations will follow to-day, as people are so weakened and debilitated from yesterday's sweltering atmosphere. The local forecast promises showers and thunderstorms this afternoon, but says nothing about its being any cooler till to-morrow. The forecast is as follows: "Probably showers and thunderstorms this afternoon and tonight. Light easterly winds. In addition to this forecast the weather men say: "There is a large area of coolness in the northwest that is gradually moving east, which will make it somewhat cooler to-morrow night."

come and send down buckets of water on the parched city. It should cool it off for a while. They have had, by the way, a funny experience with rain water in Maine today. At 6:30, without an warning, and from out of a clear, sun-bright sky, down came rain, heralded by a few minutes and the sun never stopped shining once. It was not only a relief to speak of during the rain, but when it stopped raining the sun shined up on the darkness in the air and the rainbow on the pavements as a source taken in water. So it didn't do much good.

KLINE TRIES TO TAKE HIS LIFE IN GELL

LA JUNTA, Colo., July 19.—John Kline, of Schickelski, who attempted suicide by checking himself with his suspenders, is being closely guarded, awaiting the arrival of the Massachusetts police, who want him for the murder of his wife at Belmont. When rescued by the latter, Kline was nearly dead. The veins in his neck stood out like cords, his eyes bulged out from their sockets and his face distorted. He was unable to talk for two hours after being rescued from self-destruction. Moody, irritable and pander-stricken at the prospect of facing a court of justice to answer for his crime Kline has become desperate. He continually criticizes the acts of the police and the way he is being taken to Boston for trial, as he says he would get more "tender" treatment here. Beginning the day with grumbling at the prospect before him when brought to Massachusetts, he gradually worked himself up into a passion. At the time he passed back and forth in the custody of the jail guard, he made no lack of his own remarks. "I have made my mind up," he said, "I will hang myself. I don't care what happens to me. I am a criminal and I deserve to die."

NEVER HEARD FROM MASSACHUSETTS POLICE UNTIL AFTER THE ARREST

Affidavit of Conductor Kiser, Who Located Schickelski, Declaring His Information Came Solely From This Newspaper.

If Chief Shaw of the district police still thinks he had anything to do with the capture of Murderer Schickelski, let him read the following affidavit by the Pullman conductor who located the fugitive on a Santa Fe train in response to a telegram from the Chicago representative of the BOSTON AMERICAN:

CONDUCTOR KISER'S AFFIDAVIT:

I am a Pullman palace car conductor, living at No. 318 West Pico street, Los Angeles. On my last run, from which I have just arrived, I assisted in the locating and arrest at La Junta, Colorado, of one John Schickelski, a murderer. THE ONLY INFORMATION UPON WHICH THE ARREST WAS MADE WAS FURNISHED BY THE CHICAGO AMERICAN. NO OTHER INFORMATION OR WORD WAS RECEIVED UNTIL AFTER THE ARREST WAS MADE, and then word was received from the Massachusetts police. Signed S. M. KISER. Subscribed and sworn to before me this 18th day of July, 1905. M. A. SHIRKEY, Notary Public in and for the County of Los Angeles, Calif.

DRAW CIRCLE OF STEEL ABOUT VLADIVOSTOK

JAPANESE ARMY PLANS ACTIVE INVESTMENT OF CZAR'S LAST PACIFIC BASE.

Special Cable to Boston, American. LONDON, July 19.—Japan has arrested the convulsive movements of about Vladivostok. Disputes in the London news papers to-day from Paris state that a Japanese army has been landed north of Vladivostok on Russian territory and is being pushed to capture Vladivostok by the actual peace negotiations begin. It will give Japan greater force to back up her demands. The Japanese had now five months' advantage. When only a few more military steps have been taken on land, the combined land and sea force of Japan will be prepared to strike at once. Russian fighting force at Vladivostok is reported to be hopelessly inadequate against the Japanese, although it might be able to hold out longer than Port Arthur did. St. Petersburg dispatches say that the White will stop in Paris on this way. Washington, for the purpose of settling with French financiers a loan to cover the indemnity that is paid to Japan which will probably amount to \$200,000,000. An Oregon dispatch today says: "A large number of Jewish families are being here since the riots, owing to the policy of the state. They are going to the United States, England and Argentina." "Secret arrests continue. None of the prisoners are told publicly. They smile. The Russian agent Hagan, who was

Under circumstances which indicate diabolical ingenuity a man was murdered to-day on the roof of the tenement block, 40-42 Battery street, North End. It may have been for revenge. Now the police have established an impregnable cordon about the tenement block, and will not permit any member of the twenty families to leave the place. Two or three men did leave the place before the blockade was established and now they are seeking these **Found Slain in Early Morning.**

The murdered man was Papaloe Lucif, twenty-six years old, good looking and well dressed. He was living at the Paul Revere House, an Italian lodging house in North Square. How he came on the roof of the tenement is not known. He was found there about four o'clock this morning. Immediately after the murder the police discovered a man who said he had seen a stout man, apparently about five feet three inches tall, and weighing 170 to 180 pounds run down the stairs of No. 48 Battery street, a part of the same house, and escape. This is the only description the police have of this man.

BEATEN AND STABBED TO DEATH Lucif was beaten and stabbed to death. One of the mysteries of the case is the fact that Lucif was on the roof of the tenement at 10. He had not lived there for many months. Up to 5:30 last night he was playing cards with three men. The latter left him at that time and went to the Paul Revere House, where he had a room. Lucif was seen at the time of the crime.

FLEETING MURDERER SEEN. The murder was seen, as he fled across the roof, by Edward O. Lorenson and his cousin, Charles O. Hunsford, who live on the third floor of the house. They heard him on the roof at 10 o'clock and went to find out what caused it. As they came out upon the roof they saw a man running across, without coat or hat and with his arms dripping with blood. HOT WAVE TO CONTINUE 2 DAYS MORE

Temperature at the Weather Bureau at 8 O'Clock To-day Was 82.

78 LOWEST IN THE NIGHT

Continued from First Page.
 The hot wave in Boston is now in its third day, and the temperature is expected to continue to rise for several days more. The weather bureau reports that the hot wave will continue for two or three days more, and that the temperature will reach a maximum of 85 or 90 degrees Fahrenheit. The hot wave is caused by a high pressure system over the Atlantic Ocean, which is pushing the air mass toward the coast. The air mass is dry and hot, and it is causing the temperature to rise. The hot wave is also causing the humidity to increase, which is making the weather feel even hotter. SAVAGE OUTBREAK OF UENA TRIBE IN THE GERMAN CAMEROONS.

BERLIN, July 10.—Official reports from the colonial authorities in West Africa describe an outbreak on the part of the cannibal tribe of the Uena in the German Cameroons. It is stated that during the month of June this tribe devoured 2,000 negroes and eight white people.

The German military forces in the district is too weak to cope with the savages and they have practiced their cannibalism undisturbed.

Special to the Boston American.
CLEVELAND, July 18.—As the Boston have six games scheduled here in four days, they decided to play at a double-header with the Cleveland today.
Both managers know that if Jupiter Thayer is interested in the next three days a string of bargain days would be in order a mile long. Therefore, it was thought best to play two games upon the first day's visit of the Champs.

George Winter, who lost his recent game to the Browns because of being unable to find him, and "Cy" Young will probably be the cards against the locals.

Both of these twines, judged by their records, are in top shape, and should make it warm for the Naps.

The Boston are now only a few points behind Detroit, and two victories today will put them into the first division. Therefore the club team is determined to get into line and play smart and make as no one to create any hard feelings. Jupiter wants to go to the Cleveland from the lead. They did that trick in Chicago, and this is the second time in this city.

Boss and Moore will probably be the factors in the box for the home team. As they have been doing good work since the season started, it is expected they'll make it hot for the Naps.

The Browns had a couple of games in Chicago, yesterday. They made fifteen runs while the Cleveland only made four of them. They were pitching one of the best games in the league.
